

SUN Shines on Daniella Faraone

Daniella Faraone is currently on a General pathway as a Year 12 student. Her career pathway plan is to enrol in Primary Education at Geraldton Universities Centre. To facilitate this transition from school to Uni Daniella is currently enrolled in CQUniversity's Start Uni Now (SUN) program.

This program enables secondary students to enrol in University units and receive endorsement from the units toward the Western Australia Certificate of Education (WACE).

To further support the students Geraldton Universities Centre offer on campus, face to face support for five out of the eight endorsed units that students can study.

Daniella is doing very well and considering enrolling in a second University unit, which is a commendable effort. She has also taken the opportunity to do work experience in some local primary schools over the last two years, which is only strengthening her passion for Teaching.

If you would like to find out more about the SUN program please see Mrs Kempton in Careers Central.

National Careers Week Celebrations at Champion Bay

Panel Speakers

On Wednesday all senior students had the opportunity to listen to some fabulous guest speakers tell us all about their career journeys. If one message came across loud and clear from these talks it would be that there are no 'straight pathways' as far as careers go. Instead, there are many twists and turns, risks to be taken and much fulfilment to be found in the careers we choose.

A big thank you to Dan Oswald, Bradley Mitchell, Zoe Fitzpatrick and Kylie Lowe for your inspirational sharing of your journeys.

Dream Job Dress Up Day

Another fun day of Dress Ups at Champion Bay Senior High School. Thank you to all who dressed up, students and staff!!

Mini Careers Expo

On Thursday a number of local businesses and organisations came along to our mini Careers Expo to talk about all things careers with our Year 10 - 12 students. This was a first for Champion Bay and we look forward to expanding on the idea next year as there was a huge amount of interest from our students.

We would also like to thank Clontarf and Deadly Sista Girls for their assistance on the day.
