

## 2022 TAFE Applications & Yr 10 Course Counselling Update

This term has been very busy in Careers Central with Year 10 Course Counselling and many students applying to attend TAFE in 2020. Thanks must go to the students and parents/guardians for the ease of which both processes seemed to roll out this year. Despite the large number of students in Year 10 it all went smoothly and our Year 10 students have made really positive choices about their futures.

If your child applied for TAFE they should know the outcome by the end of this term. If they are unsuccessful they can apply to attend as a Year 12 student, as long as the qualification they are interested in is one year only. TAFE also make second round offers, which normally occur at the start of Term 4.

## School-based Traineeship and Apprenticeship Opportunities for 2022

Applications close this week for any student interested in applying for an SBT in 2022. These are usually open to Year 11 students and they can be undertaken in a number of industry areas. See Mrs Kempton or Mrs Partington in Careers Central for more information.

## Year 11 Work Experience in Term 4 Week 5, 8 – 12 November

If you are studying Careers & Enterprise and interested in attending work experience in Term 4 please come to Careers Central, or see your C&E Teacher, for an application form. All forms must be returned by the end of this term to allow us plenty of time to find work placements. We hope you all get on board and participate in this opportunity.

# Congratulations

A huge congratulations to Dakota Tesling who has successfully completed a School-based traineeship in Automotive, over Year 11 and 12. Dakota has worked tirelessly to complete the on and off the job training, and has been successful in obtaining a position with Rio Tinto when he finishes Year 12 in Term 4. We are very proud of Dakota as he has overcome many challenges along the way and has developed strong enterprise skills which will stay with him as he moves into the World of Work. We look forward to hearing of his successes beyond school.

Oodles of jobs have been advertised this term. Check out the Jobs Board outside Careers Central or the Careers website:
